

## The American Subcontractors Association of New Mexico

### Partnership Program

### For General Contractors, Architects and Engineers

ASA-NM is proud to offer a partnership program for General Contractors, Architects and Engineers. This partnership is an opportunity for General Contractors, Architects, Engineers as well as Subcontractors, Specialty Trades Contractors and Material Suppliers in the industry to share ideas in a pleasant and friendly environment. While the ASA Bylaws do not permit General Contractors, Architects or Engineers to join as voting members, this local partnership program will provide General Contractors, Architects and Engineers with local benefits. They are as follows:

- *Partner with an exciting group of Subcontractors, Specialty Trades Contractors and Material Supplier associates ready to improve our industry for the good of all.*
- *The sharing of ideas benefiting all in the construction industry.*
- *Monthly educational meetings with opportunities to network with industry associates.*
- *Educational luncheons, webinars and safety training addressing what is important to construction companies.*
- *Social events such as our Happy Hours, Annual Industry Awards banquet and our yearly Golf Tournament.*

*Our current Partner Members include: Bradbury Stamm Construction, Brycon, Dekker/ Perich/ Sabatini, Enterprise Builders Corporation, First Mesa Construction, Inc., JB Henderson Construction, Klinger Constructors, LLC and Mick Rich Contractors.*

*To join the partnership or for more information regarding ASA-NM please contact Gia Espinoza; Executive Director at:*

#### Mission Statement

The American Subcontractors Association of New Mexico fosters, promotes, encourages and develops the best interests of subcontractors, specialty contractors and vendors in the construction industry in conjunction with construction industry partners. As part of the American Subcontractors Association of New Mexico's mission it supports community organizations and helps its members to operate more efficiently.
